

Event Locations

Hofstallung — *The Imperial Mezes*

The great hall (370 m²) in the oval tract of the historic building complex was specifically modified to accommodate the services of a modern event venue fulfilling all of the latest technical and infrastructural requirements. The painting by Otto Zitko covering the arched ceiling, the original marble troughs all seen in the light of chandeliers designed by Joseph Zehrer create a perfect synthesis of the old and the new.

Infrastructure and furnishings

100 persons

Cinema

The new mumok cinema was designed and realized by the Austrian artist Heimo Zobernig together with the architect Michael Wallraff. The theater can seat over a hundred people and lives up to all cinematographic expectations with excellent projectors ranging from 35 mm film to the latest digital technology. The cinema can be rented for presentations and seminars. The space has its own independent entryway and foyer with a small stage and bar that provide a more relaxed environment to meet after or during the presentations.

Incentives

Evening Tours

We offer you and your guests an exclusive evening guided tour through the mumok, followed by a reception or dinner. You can enjoy your evening in the museum, combining the exclusive atmosphere of contemporary architecture and modern art together with culinary delights!

The package includes

Exclusive afterhours opening of the museum
A guided tour through the current exhibition
Champagne reception before or after the guided tour
Duration: 1.5 – 2 hours

Workshops

Our 130m² studio is the perfect ambience for you, your friends, business partners, clients or colleagues to explore their own creativity with the guidance and advice of professional artists.

The mumok offers a wide range of approaches to modern art, including an exclusive tour through the current exhibitions. Hands-on workshops that develop artistic techniques produce a different level of appreciation and understanding of modern art and its creation.
